- new MyDVD Slideshow
- new LP and Tape Assistant
- new DivX-to-DVD Creator
- new Hollywood DVD playback on your PC
- new Disc and drive diagnostic tools
- new Disc Image Loader

Burn, Copy, Secure

Roxio's reliable burning technology makes recording everything to CD and DVD fast and easy. Burn or copy data, audio, photo, video CDs, and DVDs.

New, superior tools for all your data needs

- new CD and DVD diagnostic tools include CD/DVD Speed Test, CD/DVD Read Error Test, and DVD PI/PIF/Jitter Test
- new Mount disc images to create virtual disc drives – preserve the original discs, avoid disc swapping and extend laptop battery life
- new Emulate up to 23 drives and load disc image files simultaneously

High quality copies made faster and easier

- Back up your DVDs* and movies with one click
- new Improved DVD-9 to DVD-5 compression technology copies* DVD-Video discs up to 30% faster
- Includes RAW copy mode – for exact copies of discs including hidden or out-of-spec sectors

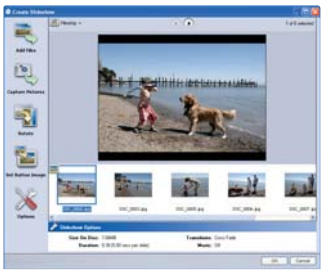
* *Does not copy encrypted or copy-protected discs*

Bulletproof data safety

- Password-protect and secure your data with 128-bit encryption
- Automatically span large files across multiple discs

Drag-to-Disc® streamlines backing up data

Professional DVD Tools



Create professional-quality DVD movies or slideshows.

Author DVDs like a pro

- Produce DVDs with animated menu buttons, motion backgrounds, and a Dolby® Digital soundtrack
- Plug & Burn™ automatically captures the entire contents of your video camera to DVD – in just two clicks
- new MS-DVR Support – Edit and create DVDs from Media Center PC TV Recordings

Copy DVDs* and movies

- new Easily make high quality copies of your DVD movies – now up to 30% faster
- Compress an entire 9 GB dual-layer DVD disc to a standard 4.7 GB DVD disc
- Maximize video quality and available disc space by extracting just the main movie, language, and audio format
- new Download DivX or XviD movies and create DVDs to watch in your living room

Create DVD slideshows

- Easily combine photos, music and professional transitions into a stunning slideshow
- Bring your photos to life and create slideshows with dramatic pan and zoom motion effects

Play Hollywood DVDs

- new CinePlayer™ plays Hollywood DVD movies, VCDs, and games on your PC

Back up, Protect, Recover

Photo & Video Memories Made to Last

Music Made Easy

With PhotoSuite® 7 Platinum and VideoWave® 7 Professional you can make your pictures perfect and your movies the envy of family and friends.

Capture & organize

- Start by transferring photos or video to your PC – plug in your digital camera, camcorder or scanner and begin capturing
- Organize and instantly find all of your digital media files in one location with Media Manager

Make your pictures fun

- Tweak your images to perfection with instant red-eye removal, crop, rotate, and straighten tools
- Let advanced PhotoDoctor™ automatically fix exposure, sharpness and saturation

Edit video the way you want it

- Edit like a pro with Timeline editing, which supports up to 14 tracks and in-place editing
- Control the timing of background audio, narration, video clips, titles, and special effects
- Let CineMagic® automatically edit a movie for you with transitions, special effects, and background audio in 3 easy steps
- Select from over 300 Hollywood-style transitions, 2D or 3D effects and overlays

Don't lose it! Keep it safe with Backup MyPC™ 6 Deluxe! Backup MyPC is the award-winning way to preserve, protect, and back up your critical data and digital media files quickly and easily.

System backup and disaster recovery

- Easy-to-use interface, with step-by-step Wizards and simple, clear backup options
- Quickly restore a system without needing to reinstall Windows®
- Schedule full, partial and unattended backups
- Save disc space using advanced compression technology
- Backup Profiles and password protection give complete privacy
- Backup Verification confirms successful backup for peace of mind
- Easily restore files to original or alternate location

Back up to:
